2

ALWAYS FOLLOW GUN SAFETY

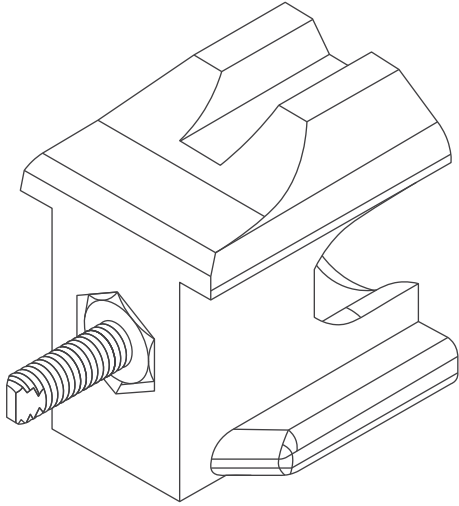

If you see any cracks in the plastic, or feel any part of your build is not as it should be, reprint that part or replace the component, and reassemble your build. Ensure proper functioning before using any live ammunition.

1. Always treat every firearm as if it is loaded.
2. Never point a firearm at anything you do not intend to shoot.
3. Keep your finger straight and off the trigger until you are ready to fire.
4. Be sure of your target, and what lays beyond it.
